Object Oriented Programming (OOP)	Git, GitHub, Heroku

Projects

Gaming Website - Omok.io

A website used for an MMORPG game. Keeps track of timers, special events, and other training areas.

- Reduces search time by 75% by providing key information that was only provided separately in a convenient location.
- Used by peers and players, this project has relieved stress and increased game progression speed as players transition through the game.

Created with **React**, **React Libraries**, and **React Hooks**.
